

I'm so tired... – Lauv & Troye Sivan

I'm so tired of love songs, tired of love songs
Tired of love songs, tired of love
Just wanna go home, wanna go home
Wanna go home, whoa
So tired of love songs, tired of love songs
Tired of love songs, tired of love
Just wanna go home, wanna go home
Wanna go home, whoa

Party, trying my best to meet somebody
But everybody around me is falling in love to our song
I, I, oh I, yeah
Hate it, taking a shot 'cause I can't take it
But I don't think that they make anything that strong,
So I hold on
I, I, oh I, yeah

I'm so tired of love songs, tired of love songs
Tired of love songs, tired of love
Just wanna go home, wanna go home
Wanna go home, whoa
So tired of love songs, tired of love songs
Tired of love songs, tired of love
Just wanna go home, wanna go home
Wanna go home, whoa

Strangers, killing my lonely nights with strangers
And when they leave, I go back to our song, I hold on
I, I, oh I
Hurts like heaven, lost in the sound
Buzz cut season like you're still around
Can't unmiss you and I need you now
Yeah, I, I, oh I, yeah

I'm so tired of love songs, tired of love songs
Tired of love songs, tired of love

Just wanna go home, wanna go home
Wanna go home, whoa
So tired of love songs, tired of love songs
Tired of love songs, tired of love
Just wanna go home, wanna go home
Wanna go home, whoa
I'm so tired of love songs
Tired of love songs, tired of love songs
(Someone take me home)
Tired of love songs, tired of love
Just wanna go home, wanna go home
(Cause I can't be alone)
Wanna go home, whoa
So tired of love songs, tired of love songs
(Cause I'm so tired)
Tired of love songs, tired of love
Just wanna go home, wanna go home
Wanna go home, whoa
